Website Rebuild and Transfer Application

I would like to enroll in the website rebuild and transfer program, replacing my old WSI website with a new website built on the new WSI technology platform. I understand that:

- The same URL as my existing website will be used and this will replace my existing website once the new website is launched to the web.
- WSI will be transferring the content for many of my website pages, but I will need to update the new website with content associated with: testimonials, news, banners, photo gallery pictures, and events.
- The new website platform provides advanced Event Registration management & payment collection with integrated secure collection of credit card information. The eCommerce component is no longer optional and the base monthly fee for all new website transfers is a standard \$145.

All requested information below is required.

Payment Information

Client's Legal Company Name:

Primary Contact Name

Website address:

Phone Number:

I authorize WSI to automatically bill the credit card listed below as specified:

Web Solution Payment

Item	Amount (\$USD)	When	Notes
Content Transfer	\$300	Web Solution Build	At the start of the project.
Monthly Website Fee	\$145	25 th of each month	Once the website is launched.

Credit Card Information

Signature below indicates WSI can bill my existing credit card on file for the above listed fees.

Customer's Signature:

Date:

Please note that credit card charges will appear on your statement from "Sagebridge Consulting, LLC".

Please fax the completed form back to the following number: 00-1-781-238-8259
